Report of Workshop on “Navigating the Current job market and Job portals.”

The Institute successfully organized a workshop on **“Navigating the Current Job Market and Job Portals” on 05th October 2024** for MBA students with the objective of enhancing their employability skills and awareness of current recruitment trends. The workshop was conducted in association with Myafuture. Eminent experts **Mr. Rahul Suresh** and **Mr. Ranjit Negi** brought rich practical insights into the evolving job market. The speakers provided a comprehensive overview of the present employment scenario, emerging industry requirements, and the impact of technology on hiring practices. They guided students on how to effectively use popular job portals such as LinkedIn, Naukri, and Indeed, emphasizing profile optimization, keyword usage, and professional networking. The session also covered important aspects such as resume building, interview preparedness, and common mistakes to avoid while applying for jobs online. Real-life examples and interactive discussions made the session engaging and informative.

Students actively participated by asking questions related to career planning and job search strategies. The workshop proved to be highly beneficial in equipping students with practical knowledge and confidence to navigate the competitive job market successfully.
